(Family Home Visit)

DREAMS DO NOT DIE...

The non-profit foundation created by Eli Florence just 8 days before he lost his battle against

AML Leukemia on Oct.14th, 2007,

has officially accomplished his VISION and HOPE of SUPPORTING a child diagnosed with the disease that took his life. This financial assistance gift was granted June 22nd, 2011 and has allowed one parent to take leave from their place of employment to ensure their constant care and nearness to their child as they receive their treatment and complete their protocol. Due to Eli's divinely inspired vision of starting a foundation to help others, a family can build memories throughout this difficult time and the child is never alone.

(Patients First Admit)

This financial gift replaces the loss of income to a household up to \$2000 each month throughout the child's 5 mo. treatment protocol, therefore securing a family's needs during the most difficult time of their lives.

The Eli Foundation arms of support provide emotional supports such as parent to parent counsel, medical advocacy and financial grants as they are funded and requests for assistance are received.

Eli's LEGACY has and continues to touch and change the lives of so many. We pray you'll join us in making Eli's dream of helping others come true as we reach out to families in need throughout the United States.

Never give up on your dreams no matter how difficult a challenge may be. As Eli said, during his journey, "WE CAN ALL MAKE A DIFFERENCE RIGHT WHERE WE STAND".

(President visits patient while at Florida Hospital For Children in Orlando, FL)

The Eli Foundation is seeking individuals and corporations who wish to become FOUNDATION SPONSORS. Please visit the GIVING PROGRAMS page on our website at WWW.THEELIFOUNDATION.COM. We look forward to hearing from you and helping those you love.
